States that the total cost of printing the eight issues of the Sanskrit College Magazine at the Branch Press at Mysore for the years 1927 & 1928 amounts to Rs 980-12-0. 14) Submitted for orders with reference to para. 11 Supra. 15) The subscription realised during the years 1927 and 1928 was Rs. 906/4 while the printing charge for the same period comes to Rs. 980/12 and postage to Rs. 151-6-6. So, if the journal is to be self-supporting, it will have to earn an additional sum of Rs. 230 by way of subscription for 2 years. This it can very well be expected to do as it is reported that it is attracting subscribers from all parts of India. Whether on this account Govt. patronage may be withdrawn altogether or whether it might not be restricted to actual amount of deficit is a point for consideration. Chief Secy) The free printing may continue for 3 more years as requested. 3 Members.

Sir,

Adverting to Government Order No. G 10527/a/P & S 34-26-4 dated 28th March 1927 sanctioning the printing of the Maharaja's Sanskrit College Magazine free of cost at the Government Branch Press for a period of two years from January 1927, I have the honour to state that the magazine continues to be edited with great ability and is doing very useful work. This year it is proposed to strengthen the Editorial Board and encourage articles on modern research work so as to ensure a wide circulation even in foreign countries.

As it is, the magazine has attracted subscribers from all parts of India, including many well-known educational bodies, like the University of Madras, of Calcutta, and of Allahabad. It has on the exchange list some famous journal such as the Annals of the Bhandarkar Oriental Research Institute, the Journal of Oriental Research (Madras), etc., and

has made a name for itself as a scholarly production.

In these circumstances, I request that sanction of Government may kindly be obtained for the concession of free printing of the Magazine being extended for a further period of three years from January 1929. During this period every effort will be made to increase the circulation of the Magazine both in and out of India so that the Magazine may become self-supporting.

I have the honour to be,

Sir,

Your most obedient servant,

PRESIDENT.
